

**III International Conference and School  
«Synthesis, structure, and properties of high-entropy materials»**

October 11-15, 2021

*Ural Branch of Russian Academy of Sciences  
Institute of Metallurgy Ural Branch RAS  
Belgorod State National Research University  
Institute of Metal Physics Branch RAS  
Russian Science Foundation*

---

**SECOND CIRCULAR**

Dear Participants!

The attached file contains the program of the III International School-Conference “**Synthesis, structure and properties of high-entropy materials**”, which will be held from 11 to 15 October 2021 in Ekaterinburg.

**Format of the conference – mixed**

For the online participants (ZOOM platform) link will be provided a few days before the conference start.

For full-time participants the location is:

 Assembly Hall, 101 Amundsen str., Ekaterinburg, Russia Institute of Metallurgy, Ural Branch of the Russian Academy of Sciences.

**For participants with oral presentation:**

- We ask you to provide your phone number for quick communication during the conference (for the online participants).
- We ask you to contact the organizers on the day of report (during the coffee break / dinner or before the start of the conference day) to check the equipment (for the online participants).
- Duration of oral reports for leading scientists is 30 minutes (including questions).
- Duration of oral reports for young scientists is 10 minutes (including questions).

**For participants of poster session:**

- We ask you to prepare a poster in English (template is in attached \*.pptx file).

**On the conference website the following materials will be provided:**

- Conference program.
- Abstract book.
- Posters.
- Certificates of the school of young scientists.

Competition for the best report among young scientists will be held within the scope of the school of young scientists “**Synthesis, structure and properties of high-entropy materials**”. Winners of the competition will be awarded by diplomas.

**For guests of Ekaterinburg:**

Transfer from Marins Park Hotel to the place of conference will be organized. We remind you that Marins Park Hotel provides special rates for the conference participants (in the attached \*.docx file).
