

## IV International Conference and School

### "Advanced High Entropy Materials"

September 26-30, 2022

Belgorod State National Research University  
Merzhanov Institute of Structural Macrokinetics and  
Materials Science, Russian Academy of Sciences (ISMAN)  
Siberian State Industrial University

#### SECOND CIRCULAR

Dear Participants!

The attached file contains the program of the IV International Conference and School "Advanced High Entropy Materials", which will be held from 26 to 30 September 2022 in Chernogolovka, Moscow Region.

#### Format of the conference – mixed

For online participants (ZOOM platform) link will be provided a few days before the conference start.

For full-time participants location is

 **Shkolny Boulevard, 1B, Chernogolovka, Moscow Region, Large living room of the House of Scientists of the Scientific Center of the Russian Academy of Sciences in Chernogolovka**

#### For participants with oral presentation:

- We ask you to provide your phone number for quick communication during the conference (for online participants).
- We ask you to contact the organizers on the day of report (coffee break, dinner, before the start of conference day) to check the equipment (for online participants).
- Duration of oral report for leading scientists is 30 minutes (including questions).
- Duration of oral report for scientists is 15 minutes (including questions).

#### For participants of poster session:

- We ask you to prepare a poster **in English** (template is in attached \*.pptx file).

On the conference website the following materials will be provided:

- Conference program.
- Abstract book.
- Posters.
- Certificates of the school of young scientists.

Competition for the best report among young scientists will be held within the scope of school of young scientists “**Advanced High Entropy Materials**”. Winners of the competition will be awarded by diploma.
